**One to One**  
(Number Translation)

## One to One (Number Translation)

One to One number translation is a basic call handling system that's simple to use with various cost effective and time efficient options for the way in which calls are handled. Instant online access provides you with live call statistics and complete flexibility as to how and when calls are directed. Optional extra features include Call Queuing, Auto Attendant and Advanced Call Recording.

Additional features available include Time of Day, Call Recording, CLI Presentation & Present, Voicemail to Email, Missed Call Alert and Introduction, Comfort and Whisper messages.

### Benefits

- 24/7 Remote access
- Cost Effective
- Simple to set up & user friendly
- Secure & confidential
- Flexible
- Multifunctional

### Ideal for

- Small businesses, Sole traders, Consultants, Freelancers and busy people on the go use One to One to make sure calls are never missed, with the added security of having important calls recorded.
- One to One service is used by a remote worker such as Engineers and Events staff, they can handle calls, change email delivery, voicemail and office hours instantly and remotely via the control panel.
- Sales Agents, Solicitors, Accountants and many other businesses that need to use direct lines often employ One to One to ensure important calls are never missed even when out of the office.
